

Junior Full Stack Developer

Junior Full Stack Developer with **2 years of professional experience as a Frontend Developer**. Proficient in modern web technologies including **React.js**, **Next.js**, and **backend fundamentals**. Currently expanding skills in **full-stack development** with hands-on experience in **Node.js**, **SQL**, and **cloud services**.

 Vellore Katpadi, Tamil Nadu  +91 8754274589  mano321114@gmail.com

TECHNICAL SKILLS

- Frontend Technologies
- HTML5/CSS3: Semantic HTML, CSS Grid, Flexbox
- JavaScript: ES6+, DOM Manipulation, Async Programming
- React.js: Hooks, Context API, Component Lifecycle, State Management
- Next.js: SSR, Static Generation, API Routes
- Tailwind CSS: Utility-first CSS framework
- TypeScript: Basic to intermediate level
- Backend & Database
- Node.js: Express.js, REST APIs, Middleware
- SQL: Database design, queries, joins, normalization
- PostgreSQL: Basic operations, setup, and management
- REST APIs: Design, development, and integration
- Postman: API testing, documentation, and debugging
- Cloud & Tools
- AWS Cloud: EC2, S3, Lambda basics
- Git & GitHub: Version control, collaboration
- VS Code: Primary development IDE
- Canva: Design and graphics creation
- AI Development Tools
- ChatGPT: Logical problem solving and code structure
- DeepSeek AI: Debugging and code optimization
- Blackbox AI: UI/UX suggestions and design patterns
- Grok AI: Code generation and best practices
- Perplexity AI: Research and technical documentation
- Various Free AI Platforms: For development assistance
- Languages
- Tamil: Native proficiency
- English: Professional working proficiency

EDUCATION

Bachelor of Science (Honours)	2018 - 2022
Tamilnadu Agricultural University	
CGPA: 7.6/10	
MERN Stack Development	2023
JSPIDER Training Institute, Bangalore	
6 Months Intensive Program	

Notice Period: Dec 2025 - Mar 2026 • Available from April 2026

WORK EXPERIENCE

Frontend Developer	EMP ID: AX-011
Aitixs Solution Private Limited • Vellore	
<ul style="list-style-type: none">Developed responsive web applications using React.js and modern frontend stackImplemented REST API integrations and managed state with React hooksBuilt user interfaces with HTML5, CSS3, and modern CSS frameworksCollaborated with backend teams for seamless full-stack integrationCurrently completing 2-year professional agreement with consistent delivery	

PROJECTS

Task Management Application
<ul style="list-style-type: none">Intuitive task management platform with drag-and-drop functionalityReal-time collaboration features for team task assignments and trackingAdvanced filtering and search capabilities with priority-based task organizationBuilt with React frontend and integrated with backend APIs for data persistence
Service Management System
<ul style="list-style-type: none">Comprehensive service management solution for business operationsTicketing system with automated workflows and escalation rulesClient portal for service requests and real-time status updatesAnalytics dashboard for service performance metrics and reporting
